## Artvin Coruh University, Turkey

To ensure a healthy environment for its students and employees - Artvin Coruh University has chosen for Instek Digital's state-of-the-art digital video surveillance solution; including NR5416-2U, HR-RD5008 and MV-CC5404-QX. NR5416-2U is has an IP-protocol based on Linux operating system and is equipped with two power supplies. This prevents system shut-down in case the first power supplies stops working. It also supports most frequently used video compression standards, such as H.264, MPEG4 and MJPEG. Additional there is room for eight hard-drives. HR-RD5008 is a hybride system , which supports analog as well as digital video signals. Further it has internal RAID 5 and 6 to prevent data-loss and eight hotswappable bays for hard-drives.

Using Instek Digital's MV-CC5404-QX video management system, Artvin Coruh University can monitor 224 camera's simultaneously, covering two campuses.

With this project Instel Digital has marked its continues presence in Turkey and contributing to the safety of the students and employees of Artvin Coruh University.

### Project Statistics

- Year of Installation: 2011
- Cameras: 224
- NVRs: 14
- hDVR/DVR: 14
- Internal RAID: Yes
- Real-time Video analytics: Yes
- CCTV: Yes
